COMMUNITY GRANTS & EVENTS SPONSORSHIP PROGRAM

Council's Community Grants Program supports community organisations, clubs, groups and schools carrying out activities, programs or events that enhance the cultural, environmental, recreational, or social opportunity in Alice Springs.

The Program is open for two rounds each year and applicants can apply for a maximum funding amount of \$5,000 in grant funding.

Community Grants Program Assessment & Criteria

Council assesses each application on its merits. Eligible applications will be assessed using the questions and criteria listed in the application form. Percentage weightings are provided as a guide to the importance of each question in the assessment process.

An applicant seeking funding for a new program or event, or an innovative change to an existing event will be assessed favourably.

Event Sponsorship Program

The Event Sponsorship Program supports events and festivals that have widespread appeal, drive visitation and stimulate economic growth to Alice Springs.

The Program is open for two rounds each year and is available for large scale events or festivals that will contribute to the vibrancy of the Alice Springs Municipality.

These events are required to deliver benefits in recognition of the Alice Springs Town Council support. The benefits are required to be equal to the value of the sponsorship investment, and may include benefits such as brand exposure, marketing and digital advertising, activations and signage.

Funding Term

The Event Sponsorship Program will have a one-year term unless approved by Council where an applicant may be eligible for a maximum three-year term.

A three-year term is for large scale events or festivals and is funded at the discretion of Council and dependent on the quality of the application, satisfaction of assessment criteria and the strategic outcomes likely to be achieved.

It should be noted that the amount of funding available in Years 2 & 3 will be progressively discounted in order to encourage organisers to prioritise the long-term financial sustainability of ongoing events through innovation and/or other avenues of support. It will also help to ensure that Council is able to support the development of new events and festivals into the future.

Funding Level Available

The Event Sponsorship Program are tiered into two categories which are reflective of the level of investment for the outcomes likely to be achieved. Funding will be provided based on the scale, impact and significance of the event.

Applicants are required to address how they will achieve all four outcomes for their chosen tier, noting an applicant applying for less than \$5,000 should consider applying for the Community Grant program.

Council assesses each application on its merits. Applications will be assessed using criteria listed on the application form with associated percentage weightings provided as a guide to the importance of each question in the assessment process.

An applicant seeking funding for a new program or event, or an innovative change to an existing event will be assessed favourably.

The Event Sponsorship Program is a competitive program, regularly receiving more applications than it can support. All applications are assessed against eligibility criteria and outcomes for applicants are determined by the strength of the application, alignment to the program objectives and priority pillars outlined in the *Alice Springs Livability and Sustainability 2030 plan*.
