4. WELCOME TO THE GALLERY AND PUBLIC QUESTION TIME

4.1 Ross Wade – Alice Springs Resident

Ms Wade enquired if Mayor Ryan would be able to secure a meeting with Chief-Minister Gunner to discuss youth issues in Alice Springs?

Mayor Ryan advised that there will be discussion in the chamber on the topic, and took the question on notice to respond.

4.2 Jackie Anderson – Alice Springs Resident

Ms Anderson enquired with Mayor Ryan will do about the youths on the street.

CEO Robert Jennings responded that this issue is of great concern to the Elected Members and they are helping the Northern Territory Government to make the leadership questions they have as it is their responsibility. In the short term Council will approach the Northern Territory Government to fix the immediate issues now. In the long term the CEO has been given a mandate to come up with a position to be able to work on these matters urgently now and be able to find a long term solution.

Council also currently runs 15 to 18 different programs for youth, to try and help some of the issue and support youth generally.

4.3 Julie Sanderson – Alice Springs Resident

Ms Sanderson enquired if Mayor Ryan and Council can lobby and bring to the table relevant Aboriginal organisations and town community elders to be part of addressing the town's problem with youth on the street.

Mayor Ryan advised that Donna Ah Chee last week called meetings with the various Aboriginal organisations, which was attended by the CEO. Council will continue working with these organisations.

Mayor Ryan also complimented Donna Ah Chee for calling the organisation together to discuss youth at large.

CEO Robert Jennings advised that he held 17 meetings with key people in the last week and a half, including the Police Commissioner and Minister Wakefield, to look at solutions to solve the current problem as quickly as possible.

- 9.7 Councillor de Brenni – Staff Christmas party

10. DEPUTATIONS AND PETITIONS

10.1 Volunteering NT – Ms Rachael Bowker

Ms Bowker gave an overview of volunteering in the Northern Territory, and specifically Alice Springs. Volunteering NT support organisations that have volunteering programs through resources, advice and professional development to volunteer managers, including grant writing and conflict mediation.

Volunteering NT runs Volunteer Assist, this is a program that helps organisations with volunteers, matching potential volunteers with organisations through the Volunteering NT database. There are currently 70,000 volunteers in the Northern Territory and 23,000 volunteers in Alice Springs, this is higher than the national average. However, volunteering numbers are declining in the Northern Territory due to the transient nature of the population, especially retirees and young people do not tend to stay in the NT. Workers don't become long-term volunteers, and therefore organisations struggle to find volunteers. Volunteering NT is currently running a survey for all Alice Springs organisations about their volunteer program, but so far the three main things organisations struggle with are:

1. Recruiting volunteers
2. Retaining volunteers
3. Find specialist volunteers

Ms Bowker thanked Council for sponsoring a "Volunteer of the Year" category. Mayor Ryan enquired how people that are interested in volunteering can interact with

Volunteering NT.

Ms Bowker responded that most people google and find the Volunteering NT website, or otherwise find volunteering opportunities through social media. At the moment the Volunteering NT position in Alice Springs is vacant, but recruitment will start in 2020 to fill the 3 days a week position in Alice Springs.

Councillor Auricht enquired about the level of training the volunteers need, for example the requirement for an ochre card or police check, or even the need for a Cert 3 or Cert 4. This can be a disincentive to people who just want to rock up and help.

Ms Bowker responded that certain screening is required (for example the ochre card). Organisations need to be smart how to proceed with this and help potential volunteers meet the requirements.

Councillor de Brenni enquired how it works with the “volunteer database” and what the working relationship is between Volunteering NT and organisations.

Ms Bowker responded Volunteering NT doesn't collect the names of volunteers through the database, it just passes on the name of interested volunteers to the organisation needing the volunteer. Volunteering NT doesn't work much with the bigger organisations as they generally have a good sense of what they need and they are on top of sourcing the volunteers. Volunteering NT tends to deal more with the little organisations that struggle to attract volunteers.

Councillor Cocking enquired if Volunteering NT also works with organisations to help build their capacity to host volunteers.

Ms Bowker stated that Volunteering NT works with organisations and helps them meet the “national standards of good practice for volunteer management” that helps with their volunteer program. Volunteering NT also provides assistance to organisations with their recruitment strategy or their volunteering strategy. Setting up a volunteering program is a free service that Volunteering NT provides to not-for-profit organisations. Currently Alice Springs is supported from the Darwin office, but the hope is that a new person will start by the end of February.

10.2 Library Service Review and Strategy Development Report – Mr Roger Henshaw and Ms Victoria Anderson

*Councillor Melky left the chamber at 6.38pm*

*Councillor Melky returned to the chamber at 6.41pm*

Councillor Cocking enquired if libraries tend to get Federal Government funding, or does most funding come from State or Territory Governments.

Mr Henshaw responded that libraries do get Federal Government infrastructure funding, but most funding does come from State Government.

*Councillor Paterson left the chamber at 6.48pm*

*Councillor Paterson returned to the chamber at 6.50pm*

Councillor de Brenni enquired if consultation will also occur with school librarians in Alice Springs.

Mr Renshaw advised that they are currently identifying all the key stakeholders, but that it is important for public libraries and school libraries to work together.

Councillor Banks stated the importance of libraries, and that the library is overwhelmingly the most social-inclusive space available. Including youth in the design of the library is important, and the library will be an important factor in tackling youth issues, as well as take the load off youth services. Libraries are safe, inviting and connecting, especially for those who are disadvantaged.

Mr Renshaw stated that the Alice Springs Public Library has been “owning” this, and doing a fantastic job in the youth space. Libraries worldwide are becoming more inclusive and are integrating different social service aspects into the library’s fabric.

12. NOTICE OF MOTIONS

12.1 Councillor Melky – Youth Curfew Strategy

I Councillor Eli Melky hereby give notice of my intention to move the following motion at the next Alice Springs Town Council Ordinary Council meeting scheduled for Monday 09 December 2019:

- A. The Alice Springs Town Council call on the Northern Territory Government to implement a youth curfew strategy for a 12 Month trial period, whereby "unsupervised" (means not in the care of an appropriate adult) children 15 years and under, are taken into care, if found on the streets of Alice Springs at night between the hours of 10pm and 5am, as a means of addressing the increasing levels of anti-social behaviour in Alice Springs, and**
- B. Call on the Northern Territory Government to establish, or utilise current venues where children can be taken and cared for while the youth workers, Police and other youth service providers are able to establish a connection to a parent or Guardian and a safe place for these children to be accommodated, and**
- C. That the Northern Territory Government in consultation with ASTC, undertake an independent review into the curfew after 12 months.**

Mover: Councillor Eli Melky

Seconder: Councillor Matt Paterson

**Supporting Information to Motion:**

The town is in the grip of a crime wave perpetrated largely by youth roaming in groups and go unchecked. They fear no authority of any kind.

Recent acts of violence on members of our community have made the situation untenable. I fear that the situation will get worse if we do not act now.

Much debate on the issue has been had over many years dating back to November 27 2006, where the Council passed a night time youth strategy motion. We must take the next step and call for a youth curfew as part of an immediate response.

The safety of the Alice Springs Community and that of our visitors depends on it.

To date whatever successive NT Governments have done has not been effective enough, more must be done; something different has to be tried.

The Council call on the NT Government to fund and resource the necessary measures required to implement a night time youth curfew immediately.

CEO Robert Jennings advised that a letter has been received from NT Police stating their position on a curfew in Alice Springs:

***What is the ability of NT Police and other government agencies to enforce a curfew?***  
*Police powers in the Northern Territory are governed by Statutes. The power to arrest or detain a youth can only be exercised if a member of the Police Force believes on reasonable grounds that a person has committed, is committing or is about to commit an offence. Unless the government legislate to create an offence for breach of curfew, police have no power to arrest or detain any person. Any apprehension of a youth pertaining to a 'breach of curfew' would be unlawful.*

***Do you think that a curfew would be effective in Alice Springs?***  
*The introduction of a curfew is incompatible with the human rights and freedoms recognised or declared in the international instruments listed in section 3 of the Human Rights (Parliamentary Scrutiny) Act 2011 (Cth). The perceived rise in youth offending has resulted in a number of regional towns in Australia to propose or implement curfews on young people. There is a lack of evidence to support their effectiveness as a crime control mechanism. As mentioned above, police have no power to arrest or detain a person for breaching a curfew. Effectiveness would therefore depend solely on voluntary compliance by young people.*

Councillor de Brenni recommended an action item:

That the CEO write to the Chief Minister to strongly call on him to identify what is inhibiting the introduction of a curfew in Alice Springs and what measures are in place to ensure the short and long term safety and healthy future of our community. We need the letter to also offer ASTC support to achieve these outcomes if able.

Councillor Paterson stated his support for the motion and urged the Elected Members to trial the curfew.

Councillor Satour stated that she did not support the curfew, but instead supports entire community collaboration. A long term strategy needs to be developed with the community and discussions need to be held with all stakeholders to ensure a long term plan can be put into place.

*Acting Director Corporate and Community Services left the chamber at 7.08pm  
Acting Director Corporate and Community Services returned to the chamber at 7.09pm*

Councillor Melky stated that the community deserves to feel safe in their own homes. The town is looking for leadership; government can legislate, government can resource and government can fund, but a curfew can be the beginning of engaging with organisations to find a solution.

### **Motion Lost**

A division was called:

#### **FOR**

Councillor Melky  
Councillor Paterson

#### **AGAINST**

Mayor Ryan  
Councillor Auricht  
Councillor Banks  
Councillor de Brenni
