<td>Application is for addition of a veranda for the rear area of the bistro. There will be no physical alteration to the licenced area other than being covered in. We have received advice from building certifiers &amp; government department that advertising of this structure is not required as it is a spec build veranda being 1.5m from fenceline. Due to the parkland next to the structure there will be no visible impact to neighbouring properties and the veranda will actually serve to condense noise the local vicinity. Based on this we request that the alterations can go ahead without the need for advertisement.</td>

Application for Permanent Variation to Liquor Licence

The covering in of the rear bistro area will provide an improvement of existing area which is in public interest.
The covering in of the area will provide protection from the elements & also serve as another area for use by our members and their guests.
The installation of a large screen TV and other amenities such as misting coolers and heaters will provide another all-weather covered in area. The installation of the large TV will give patrons a point of focus and entertainment and further make alcohol consumption a secondary focus.
This area will also become non-smoking which will lead to a reduction in smoking area in the club & therefore benefit the health and well-being of our members.
As previously mentioned the covering in of this area is likely to reduce noise pollution to the local neighbourhood albeit minimal as it currently stands.

I/We the Applicant(s) described above, hereby apply to amend the above conditions of the licence
