

POLICY TITLE: NAMING/RENAMING OF COUNCIL FACILITIES

Policy No. 216

POLICY PURPOSE

The underlying purpose for this policy initiative is to enable Council to provide due recognition, and to perpetuate the memory of individuals who had, or have made an enduring contribution to the development of Alice Springs and to provide elected members with guidelines for the naming and/or renaming of Council owned facilities, and in doing so, to draw a distinction between that function and the role and function of the Place Names Committee.

POLICY STATEMENT

Council will, from time to time, seek to formally acknowledge the enduring contribution of Alice Springs' residents (either existing or former) to the development of the town by the naming of a Council owned facility in their honour.
